

**Emery County School District 2020 Bond Election  
Project Information: Book Cliff Elementary School**

Book Cliff Elementary has utilized a portable classroom unit for many years. This unit is nearing the end of its useful life. A classroom addition will allow for all programs to be held within the main building. The classroom addition is anticipated to include two classrooms and a teacher prep area. It would be built on the north edge of the current building, adjacent to the library. The existing teacher prep area in the library would be removed to allow for an expanded library space.

Safety: These classroom additions will allow all courses to be delivered in the building, which will enhance school safety.
